What a summer, Hot Hot Hot, I hope everyone coped with the heat. Why spend all that money going abroad when we are getting better weather at home. It would also give you more money to spend on your stamps. As usual this auction is filled with interesting material. The vendors have been busy finding material to offer. Some vendors have come to an end of there material and trying to offer out at sell me prices (good for resale). In the world selection you have a collectors clear out which found some war tax, postmark collection and 1935 Jubilee in special album. Also, some useful Literature including some just out of date SG Part 1's. Getting very expensive for new ones with info not changing very much. The one country selection has a range of material inc. Ascension, Australia and some States. Bermuda, Falklands, France and Colonies, Germany and States. Gibraltar, Hong Kong, Italian Colonies, Malta, New Zealand, St Helena, Switzerland, USA (earlies to Year Books (1992–2012)), etc. The Great Britain starts with a few useful collections to play with from early plate reconstructions and selections for study. To varieties and Post and Go's. It continues with a run of 1840 1d blacks in varied condition and value. Some useful lots in KGV and QEII, finishing with some covers and a run of Officials.

If you have any questions or checking, we have received your bid form please give us a call or send an email and we would be happy to help.
